Defendants

Court File No. 09-375391-00CP

July 26, 2013

- Mr. Strosberg and Mr. Charney for the class
- Mr. Peck for Defendant.

The motion for settlement approval and counsel fee approval is granted. As I said to counsel when today's hearing began, the legal work must be done on this matter including all of the allocations re various compensation categories was excellent.

The overall settlement of \$5.5/6.0 million is fair and reasonable and very much in the best interest of the class. Counsel was begin the process of administration / arbitrator immediately. I will sign the final Order as soon as it is available and I have returned for holiday.
